Forecast for Sunday 05 Jun 2022

Weather: The main theme is for a fine, dry day with good bright and sunny spells, most widespread across southwestern peaks such as Ben Lawers. However a chilly start in sheltered glens, also some lower cloud feeding from the east early morning and more probably for the late evening.

Chance of cloud-free hill tops above 800m: 95% becoming 75% during the evening

Low Cloud and visibility: Generally very good or excellent, but very poor within cloud, which develops around 500m, infrequently by day, more readily late evening, particularly across Aberdeenshire and Angus Hills.
